SHARE BUY-BACK STATEMENT

1. INTRODUCTION

The shareholders of MASTEEL had at the 48th AGM of the Company held on 16 July 2020, granted approval for the Directors to purchase its own shares of up to 10% of the total number of issued shares of the Company. The said mandate shall in accordance with the Listing Requirements of Bursa Securities, lapse at the conclusion of the forthcoming AGM unless a fresh mandate is obtained from shareholders.

The Board had on 6 April 2021 made the announcement to Bursa Securities that the Company proposes to seek its shareholders' approval for the proposed renewal of authority to the Company for the Proposed Share Buy-Back.

The aforesaid proposal if approved by the shareholders would become valid immediately upon the passing of the ordinary resolution at the forthcoming AGM and will expire at the conclusion of the next AGM of the Company unless the authority is further renewed by ordinary resolution passed at a general meeting (either unconditionally or subject to conditions) or upon the expiration of the period within which the next AGM is required by law to be held, or if earlier revoked or varied by ordinary resolution of the shareholders of the Company in a general meeting, whichever occurs first.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

2.1 General

The Board proposes to seek the authority of the shareholders of the Company to purchase its own shares of up to 10% of the total number of issued shares of the Company, through its appointed stockbroker on the market of Bursa Securities.

As at LPD the Company has purchased a total of 2,360,600 Shares which are held as treasury shares. The total number of issued shares of the Company as at LPD, before adjusting for treasury shares, was 452,739,831 Shares. For illustration purpose, 10% of the total number of issued shares of the Company as at LPD is 45,273,983 Shares. Hence, the maximum number of Shares which may be purchased and/or held as treasury shares by the Company is 45,273,983 Shares. The maximum 45,273,983 Shares which may be purchased by the Company would include the 2,360,600 Shares already held as treasury shares

In accordance with Paragraph 12.26 of the Listing Requirements, the Company may also purchase its own shares in odd lots i.e. any number of its own shares which is less than the number of shares prescribed by Bursa Securities as a board lot through a Direct Business Transaction or in any other manner as may be approved by Bursa Securities in accordance with such requirements as may be prescribed or imposed by Bursa Securities.

The Proposed Share Buy-Back, once approved by the shareholders, will be effective immediately upon the passing of the ordinary resolution and shall be effective until:-

- i. the conclusion of the next AGM of the Company (at which time it shall lapse unless by ordinary resolution passed at that meeting, the authority is renewed either unconditionally or subject to conditions);
- ii. upon the expiration of the period within which the next AGM is required by law to be held, or
- iii. unless revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting;

whichever occurs first.

2.2 Actual Share Buy-Back

The actual number of Shares that may be purchased, the total amount of funds to be utilised and the timing of the proposed transactions for the Company to purchase its own shares will depend on the availability of financial resources, relevant cost factors, market conditions and sentiments.

In accordance with Paragraph 12.09 of the Listing Requirements, MASTEEL will not purchase its own shares or hold any of its own shares as treasury shares if this results in the aggregate shares purchased or held to exceed 10% of the total number of issued shares of the Company.

2.3 Maximum Amount of Funds to be Allocated and the Source of Funds

Pursuant to the Listing Requirements, the Proposed Share Buy-Back must be made wholly out of the retained profits of the Company based on the latest audited financial statement of the Company. Therefore, the maximum amount of funds to be utilized for the Proposed Share Buy-Back shall not exceed the retained profits of the Company.

As at 31 December 2020, the audited retained profits of the Company stood at RM403.26 million. As at the LPD, the unaudited retained profits of the Company as at 31 March 2021 has not been announced.

The Proposed Share Buy-Back will be funded by internally generated funds and/or external borrowings. The amount of internally generated funds and/or external borrowings to be utilized will only be determined later depending on, amongst others, the availability of internally generated funds, actual number of Shares to be purchased and other relevant cost factors. The actual number of Shares to be purchased and/or held, and the timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock market as well as the retained profits and financial resources available to the Company. In the event that the Company purchases and holds its own Shares using external borrowings, the Board will ensure that the Company has sufficient funds to repay the external borrowings and that the repayment will not have any material effect on the cash flow of the Group.

The Company will not buy-back its own Shares unless it has recorded retained profits at the Company level.

2.4 Treatment of the Shares Purchased

In accordance with Section 127(4) of the ACT, the Company may at its discretion, deal with the purchased Shares in the following manner:-

- (a) cancel the Shares so purchased;
- (b) retain the Shares so purchased as treasury shares; or
- (c) retain part of the Shares so purchased as treasury shares and cancel the remainder Shares.

Upon each transaction to purchase its own Shares, an immediate announcement will be made to Bursa Securities and whether to cancel the Shares, retain them as treasury shares or proceed in a combination of both. An immediate announcement will also be made to Bursa Securities of any resale or cancellation of the purchased Shares. Where the purchased Shares were held as treasury shares, the Board may:-

- (a) distribute the treasury shares as dividends to shareholders, such dividends to be known as “share dividends”;
- (b) resell any of the treasury shares in accordance with the relevant rules of the Bursa Securities;
- (c) transfer any of the treasury shares for the purposes of or under an employees’ share scheme;
- (d) transfer any of the treasury shares as purchase consideration;
- (e) cancel any of the treasury shares; or
- (f) sell, transfer or otherwise use any of the treasury shares for such other purposes as the Minister may by order prescribe.

The decision whether to retain the purchased Shares as treasury shares or to cancel the purchased Shares or a combination of both, will be made by the Board at the appropriate time.

The Board will be mindful of the interests of the Company and its shareholders in exercising the authority granted by the shareholders in deciding the final number of Shares to be purchased and thereafter cancelled and/or retained as treasury shares.

2.5 Purchase Price

In compliance with the Listing Requirements, the Company may only purchase the Shares at a price which is not more than fifteen per centum (15%) above the weighted average market price for the Shares for the five (5) market days immediately before the purchase.

2.6 Resale Price

In the case of resale or transfer of treasury shares (if any), the Company may only resell the same on Bursa Securities or transfer treasury shares pursuant to Section 127(7) of the ACT at:-

- (a) a price which is not less than the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer; or
- (b) a discounted price of not more than 5% to the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer provided that:-
 - (i) the resale or transfer takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

2.7 Historical Share Price

The monthly highest and lowest prices of the Shares as traded on Bursa Securities for the preceding twelve (12) months from April 2020 to March 2021 are as follows:-

Month	Shares	
	High (RM)	Low (RM)
2020		
April	0.405	0.235
May	0.385	0.310
June	0.390	0.280
July	0.335	0.295
August	0.345	0.275
September	0.320	0.285
October	0.315	0.275
November	0.400	0.280
December	0.775	0.385
2021		
January	0.670	0.475
February	0.715	0.490
March	0.640	0.550

(Source: www.investing.com)

The last transacted price of the Masteel Shares on LPD was RM0.560

3. RATIONALE AND POTENTIAL ADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, if implemented, is expected to benefit the Company and its shareholders as follows:-

- i. to provide flexibility to the Company to utilise available financial resources to purchase its own shares in achieving the desired capital structure, in terms of debt and equity composition and size of equity;
- ii. to allow improvements to the earnings per share with the cancellation of the purchased Shares or treasury shares from the exercise;
- iii. to allow the Company to realise potential capital gains if the purchased Shares which are kept as treasury shares are subsequently resold at prices higher than their purchase prices;
- iv. to allow the distribution of treasury shares as share dividends to its shareholders which serves as a reward to its shareholders; and/or
- v. to reduce any unwarranted volatility of the share prices; and/or
- vi. to take preventive measures against speculation particularly when the Shares are undervalued which in turn, stabilise the market price of the Shares and hence, enhance investors' confidence.

4. POTENTIAL DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders is that the Proposed Share Buy-Back will require utilisation of financial resources which may result in the Company foregoing other investment opportunities and/or foregoing income that may be derived from the deposit of such funds in interest bearing instruments and may also reduce cash dividend distributions to its shareholders.

However, only after the Board has given due consideration to the potential impact on the Group's earnings and financial position and only if the Directors are of the opinion that it would be in the best interest of the Group's earnings and financial position, would the Board exercise the authority granted by the shareholders for the Proposed Share Buy-Back.

5. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

In the event that the Proposed Share Buy-Back is carried out, the financial effect on the existing issued shares capital, NA per share, working capital, earnings, dividends and shareholdings of existing Directors and substantial/major shareholders of the Company are as set out below. In the event that the Company intends to purchase its own shares using external borrowings, the Board shall ensure that the Company shall have sufficient funds to repay the external borrowings and that the repayment would have no material effect on the cash flow of the Company.

5.1 Issued Share Capital

(a) If all treasury shares are cancelled / reduced

In the event the Proposed Share Buy-Back is carried out in full and the Shares so purchased are cancelled, the Proposed Share Buy-Back will result in the issued share capital of the Company being reduced as follows:-

	No. of Shares
Existing share capital as at LPD	452,739,831
<i>Less: Maximum number of Shares that may be purchased (Inclusive of 2,360,600 Shares currently held as treasury shares)</i>	<i>(45,273,983)</i>
Resultant issued share capital	<u>407,465,848</u>

(b) If held as treasury shares

The Proposed Share Buy-Back will have no effect on the total number of issued shares of the Company if the purchased Shares are held as treasury shares and are not cancelled.

If the Shares so purchased are treated as treasury shares, the rights attached to them as to voting, dividends and participation in other distribution are suspended and the treasury shares shall not be taken into account in calculating the number of percentage of shares or of a class of shares in the Company for any purpose including without limiting the generality of the provision, the provision of any law or requirements of the Constitution or the Listing Requirements on substantial shareholding, takeovers, notices, requisitions of meetings, quorum for meetings and the result of votes on resolution at a meeting of shareholders.

5.2 Working Capital

The Proposed Share Buy-Back if exercised is likely to reduce the working capital and cash flow of the Company, the quantum of which depends on, amongst others, the purchase price and the actual number of Shares purchased. Notwithstanding, it is not expected to have a material effect on the working capital and cash flow of the Company.

However, the Shares so purchased and maintained as treasury shares may increase the working capital of the Company, if the treasury shares are subsequently resold at a higher price than the initial purchase price (subject to the extent of the number of treasury shares resold and the prevalent selling price).

5.3 Earnings

The effect of the Proposed Share Buy-Back if carried out, may give rise to an increased earnings per share of the Company (subject to the purchase price, the actual number of shares bought back and the opportunity cost of the funds utilised for the Proposed Share Buy-Back).

If the treasury shares are subsequently sold on Bursa Securities, there will be no impact on the earnings as the gain or loss is taken directly to the equity.

5.4 NA per Share

The Proposed Share Buy-Back will reduce the NA per share if the purchase price exceeds the NA per share and conversely, will increase the NA per share if the purchase price is less than the NA per share. Should the Company chooses to retain any purchased Shares as treasury shares and subsequently resell the treasury shares on Bursa Securities and, depending on the price at which the said treasury shares are resold, the Proposed Share Buy-Back may have a positive effect on the NA per share, if a gain is achieved on resale (but subject to the selling price and number of treasury shares resold).

5.5 Dividends

The Proposed Share Buy-Back may reduce the amount of retained profits available for payment of cash dividends to its shareholders. Nevertheless, if the Shares so purchased are retained as treasury shares, the said treasury shares may be distributed as dividends to its shareholders, if the Company so decides. Accordingly, the Directors will fully consider the interest of the Company and its shareholders in implementing the Proposed Share Buy-Back.

6. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save for the incidental increase in the percentage of shareholdings of the Directors, major shareholders and persons connected to them as a result of the effective decrease in the total number of voting shares of the Company upon the Proposed Share Buy-Back, none of the Directors or major shareholders or persons connected to them has any interest in the Proposed Share Buy-Back or resale of the treasury shares.

The shareholdings of the Directors and substantial shareholders and the effect of the Proposed Share Buy-Back in full are as stated in Appendix 1.

7. **PURCHASE, RESALE, TRANSFER AND/OR CANCELLATION OF MASTEEL SHARES MADE IN THE PREVIOUS 12 MONTHS**

There was no purchase, re-sale, transfer and/or cancellation of treasury shares in the preceding twelve (12) months.

As at LPD, a total of 2,360,600 Shares were held as treasury shares.

8. **PUBLIC SHAREHOLDING SPREAD**

As at LPD, the public shareholding spread of the Company was 65.93%. Assuming that the Company purchases up to the maximum number of Shares as allowed under the Proposed Share Buy-Back, the public shareholding spread is expected to reduce to 62.34%.

The Company shall not buy-back any Shares if it results in the Company being in breach of the minimum public shareholding spread requirement of the Listing Requirements.

9. **RULES ON TAKE-OVERS, MERGERS AND COMPULSORY ACQUISITIONS**

As at LPD, TYY Resources Sdn Bhd, Kemajuan Rekacekap Sdn Bhd, Tai May Chean and Tai Chet Siang & Sons Sendirian Bhd collectively hold 34.07% of the total number of issued shares of MASTEEL. Assuming that the Proposed Share Buy-Back is implemented in full and the Company purchases its own Shares from its shareholders other than from the aforementioned parties (it is also assumed that the total number of Shares held by the aforementioned parties remains unchanged), the collective shareholdings of the aforementioned parties will increase to 37.66% of the total number of issued shares of MASTEEL.

Pursuant to Note 9 Paragraph 4.01 of the Rules, a person and any parties acting in concert with him will be required to make a mandatory offer for the remaining Shares of the Company not already owned by him/her/them if his/her/their stake in the Company is increased to beyond 33% or if his/her/their shareholding is between 33% and 50% and increases by another 2% in any six (6) months period.

However, an exemption from mandatory offer obligation may be granted by the Securities Commission under Paragraph 4.15 of the Rules subject to the parties acting in concert complying with the conditions stipulated in the Paragraph 4.15 of the Rules.

The Company intends to implement the Proposed Share Buy-Back in the manner that will not result in any of the shareholders having to undertake a mandatory offer pursuant to the Rules. In this respect, the Board will be mindful of the requirements of the Rules when implementing the Proposed Share Buy-Back.

In the event that MASTEEL decides to purchase its own shares which will result in the increase of the abovementioned parties' shareholdings in MASTEEL to more than 2% in any six (6) month period, the abovementioned parties will seek a waiver from the Securities Commission under Paragraph 4.15 of the Rules before the Company purchases such Shares.

10. **DIRECTORS' RECOMMENDATION**

The Board having considered all aspects of the Proposed Share Buy-Back, is of the opinion that the Proposed Share Buy-Back is in the best interest of the Company. Accordingly, the Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming AGM.
